

Summer School on Low EMF Communications and Networking

Location

Santander is located by the North shoreline of Spain. To reach Santander by plane, you can either use the local airport or arrive at Bilbao airport (with several European connections). The road trip from Bilbao(Highway A8) is rather comfortable and quick

Airport

Santander International Airport (SDR)

Santander Airport (SDR) is located 7 km away from the downtown and has regular flights to Madrid and Barcelona operated by Air Nostrum (Iberia's carrier for short and domestic flights).In addition; a number of international connections are also operated, mostly by Ryanair.

From Santander Airport to the Sardinero area (where the Chiqui hotel is located), a taxi ride would be around 20 EUR. There is a bus connection to the downtown and from there, local buses can be used to reach the hotel.

Bilbao International Airport (BIO)

Another alternative is to use Bilbao airport (with several European connections), and then travel to Santander by rented car or bus. A shuttle service can be arranged at a price of around 120 EUR one-way if people are interested.

Registration
